

UCAN's 12th Set of Data Requests
A. 06-08-010

On January 31 and February 1, 2007, SDG&E responded to UCAN Data Request sets 9 and 10 with answers based on Cases 200, 201, and 204 even where the questions asked about Cases 100, 101, and 104. On February 1 and 2, 2007, SDG&E provided amended data responses to reflect the results for SDG&E Cases 200, 201, and 204 (as published 1/26/07) of certain prior UCAN data requests regarding SDG&E Cases 100, 101, and 104. On February 12, 2007, SDG&E provided amended data responses to reflect the results for corrected SDG&E Cases 100, 101, and 104(as published 1/19/07) of certain prior UCAN data requests regarding SDG&E Cases 100, 101, and 104 from 8/4/06, and/or the corresponding SDG&E cases 00, 1, and 3 from 12/14/05. In the interest of having a complete record of SDG&E's evolving position, UCAN seeks to have data responses updated to reflect the 1/19/07 filing also be updated to reflect the 1/26/07 filing, and vice versa. This has already been done for some, but by no means all, of SDG&E's data responses.

In addition, because of the pending settlement of SDG&E's AMI application, UCAN also seeks responses with regard to SDG&E Cases 240 and 241 of data requests which have previously been responded to with regard to any of the Cases 100-104 or 200-204.

The data requests below specify particular data requests where UCAN seeks supplemental responses.

1. Please supplement your answers to the following UCAN data requests with answers in the same format as already supplied for Cases 100, 101, and 104, but applicable to SDG&E Cases 200, 201, 204, 240, and 241 for each of the years 2010, 2015, and 2020:

a. Those questions from UCAN data request set 1 for which SDG&E previously provided supplemental responses on 2/12/07.

b. Those questions from UCAN data request set 2 for which SDG&E previously provided supplemental responses on 2/12/07.

c. Those questions from UCAN data request set 4 for which SDG&E previously provided supplemental responses on 2/12/07.

d. Those questions from UCAN data request set 5 for which SDG&E previously provided supplemental responses on 2/12/07.

e. The following questions from UCAN data request set 7 for which SDG&E previously provided supplemental responses on 2/12/07: #s 72, 94d, and 107e. Question 94d should be answered using the exact same assumptions and model inputs that were used in producing Cases 200, 201, 204, 240, and 241, respectively, except that the natural gas prices which SDG&E set to reflect a 43.5 cent/MMBtu basis differential from Arizona prices should instead be set to use the basis differential found in the SSG-WI data set which provided the preponderance of the data inputs to SDG&E GridView runs.

f. DR9-25

g. DR9-29

2. Please supplement your answers to the following UCAN data requests with answers in the same format as originally supplied, but applicable to the 1/19/07 versions of SDG&E Cases 100, 101, and 104 for each of the years 2010 and 2015:

a. DR7-89 (answered on 2/1/07 for Cases 200, 201, 204, but not updated on 2/12/07 for the 1/19/07 versions of Cases 100, 101, 104)

b. DR7-94d (answered on 2/12/07 with the erroneous assumption that the updated inputs used in the 1/19/07 filing did not apply to this question. UCAN requests that the 1/19/07 inputs and modeling approaches should be used for everything except those natural gas prices for which SDG&E was requested to use CAISO gas prices, just as the original DR7-94d asked for the 8/4/06 inputs and modeling approaches to be used for everything except natural gas prices; the CAISO natural gas prices used in the supplementary response to DR7-94d should be the same as in the original response to DR7-94d. The natural gas price input errors and other errors corrected in SDG&E's 1/19/07 filing should not be re-introduced in this data response).

c. DR7-109 (answered on 2/1/07 and 2/12/07 for Cases 200, 201, 204, but not updated on 2/12/07 for the 1/19/07 versions of Cases 100, 101, 104)

d. DR7-113 (answered on 2/1/07 for Cases 200, 201, 204, but not updated on 2/12/07 for the 1/19/07 versions of Cases 100, 101, 104)

e. DR7-121 (answered on 2/1/07 and 2/12/07 for Cases 200, 201, 204, but not updated on 2/12/07 for the 1/19/07 versions of Cases 100, 101, 104)

f. DR7-124 (answered on 2/1/07 for Cases 200, 201, 204, but not updated on 2/12/07 for the 1/19/07 versions of Cases 100, 101, 104)

g. DR7-154 (partially answered on 2/12/07 in a manner inconsistent with the answers provided on 11/13/06 with respect to the 8/4/06 filing, and on 2/1/06 with respect to the 1/26/07 filing. UCAN seeks answers with

regard to the 1/19/07 filing consistent with SDG&E's 11/13/06 and 2/1/07 responses in terms of both the format and the data types provided).

3. Please answer the following questions based on SDG&E's 1/19/07 Cases 100, 101, and 104 which were previously responded to with answers based on SDG&E's 1/26/07 cases 200, 201, and 204:

- a. DR9-5
- b. DR9-14a
- c. DR9-15
- d. DR9-28
- e. DR10-28

4. For the following questions which were previously answered for 200-series Cases, please provide supplemental answers for the year 2020 for Cases 200, 201, and 204, and for all years modeled (2010, 2015, 2020) for Cases 240 and 241:

a. Those questions from UCAN data request set 7 for which SDG&E previously provided supplemental responses on 2/1/07.

b. Those questions from UCAN data request set 8 for which SDG&E previously provided supplemental responses on 2/2/07.

- c. DR9-5
- d. DR9-14a
- e. DR9-15
- f. DR9-28
- g. DR10-28
