Re: SDG&E's 2012-2014 Demand Response Application No. A.11-03-002

On March 1, 2011, SDG&E submitted its Application and testimony in support of its Demand Response Programs for 2012-2014. SDG&E has identified some corrections to its March 1, 2011 testimony which are identified in the Amendment Log attached as Attachment A.

Typically in proceedings before the California Public Utilities Commission, a witness provides his or her corrections on the witness stand at the evidentiary hearing. However, rather than wait and make corrections at the evidentiary hearings, the Administrative Law Judge could enter written corrections as an exhibit or select a different process for handling corrections to testimony.

The Amendment Testimony is available at the SDG&E website:

Sincerely,

/s/ Steven D. Patrick
