

EMPOWERING COMMUNITIES

SDG&E's largest philanthropic initiative to fight hunger and homelessness

SDG&E® believes in the power to cultivate a community where everyone thrives. That's why we launched our largest charitable initiative, a \$10 million shareholder-funded SDG&E Community Assistance Fund (CAF), for local nonprofits to advance their work in housing stability and food security. This transformational gift provided rental assistance, reliable access to healthy food and nutrition, improved access to public assistance programs, and more.

CAPACITY BUILDING

Capacity building for nonprofits strengthens their skills, resources, and capabilities for long-term effectiveness and sustainability. This grant support their success by allowing up to 20% of funds for strategic investments in data-base management, community needs assessment, translation services and professional development.

TESTIMONIALS

“I’m raising four grandchildren on my own and times are tough. We’re so thankful for the groceries provided by this program.”

This support allowed me to catch up on back rent, provide a roof over my kid’s head, and work with a counselor to budget and plan for our future.”
